## Street Legal Steel Fully Floating Hub Kits

Race Products produce a range of Street Legal Floater Kits, with slimline steel hubs, to suit many applications.

The 1500 Series is designed for heavier applications, such as the Ford 9" and has been proven to handle over 1500HP

The Kits are fully comprehensive, and come with Timken Bearings, Hub Seals, Spindle Nuts, Lock Tabs, Wheel Studs (choice of thread size and length)

The Upgraded Kit, comes with our Unique Locking System, Solid Preload Spacers, Steel Cased Seals, Chromoly Lock Washer, and Spindle Nut Tool.

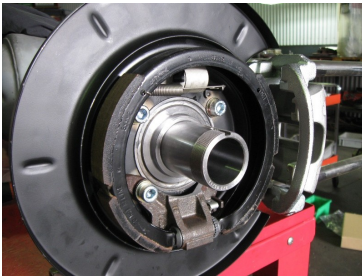

Every kit includes all bolts, washers and O-Rings required to complete the build.

Stud Patterns Available: 5 x 4.5" | 5 x 4.75" | 5 x 120mm | 5 x 5" | 5 x 5.5"

Studs Available: 1/2" UNF (all) | M14 (all) 5/8" UNF (Upgraded Kit Only)

**Our RPB051 Brake kit (Suit 1500 SER Alloy/Steel)**  
This is a street legal kit using Falcon Calipers, and Slotted DBA rotors for ease of maintenance and serviceability.

**RPB054 Brake kit (Suit 1500 SER Steel Only)** A Street Legal Brake Kit using the Commodore "Banksia" Park Brake System and calipers.

**RPB080 Brake Kit (Suit 1500 SER Steel Only)**  
We also offer a Drum Brake kit for those who want to retain the brake system on their classic.  
Customer supplied drums and back-plates are modified and fitted to our custom CNC machined spindle / adaptor

**New Drums/Back-plates Can Be Supplied**

**2 versions of the steel kit are available**

Standard kit uses the locking system on the left.

Upgraded Kit uses the locking system on the right.

(Includes Steel Cased Seals, Chromoly Locking Ring, Spindle Nut Tool)

**Billet 4340 axles are available to suit either kit.**

**28/90 or 30/90 31/90 or 35/60 Spline**
