RPB054 Brake Kit

The Race Products RPB054 Brake kit has been designed to suit the 1500 Series Floating Hubs.

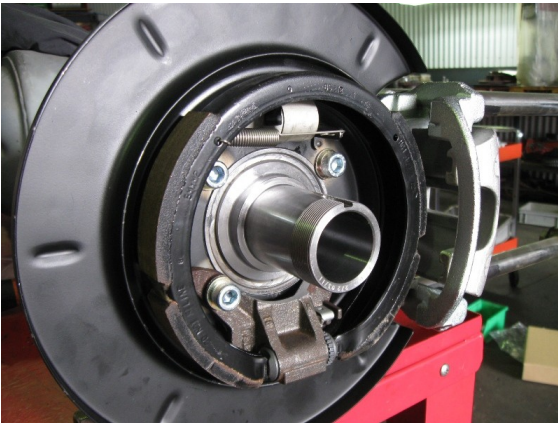

It is suitable for fitment to all 1500 Series Steel Hub kits only.

As the system uses standard OEM components it is fully street legal.

This kit is based on standard Holden Commodore VT-VZ Brake Calipers and Handbrake System, meaning all future maintenance and spare parts supply is simple.

Using the standard Commodore brake components also means the system can easily be upgraded to HSV specification, with larger rotors and calipers if required.

The Kit consists of:

- 2 x DBA041 Slotted Rotors
- 2 x Reconditioned Calipers
- New Holden Brake Back-plates
- New Holden "Major" Park Brake Service Kit
- 2 Modified Handbrake Anchors
- Race Products CNC Machined Caliper Brackets
- All Bolts and Washers Required
